ANNUAL EXAMINATION OF INS. CO'S.

New Insurance and Banking Commissioner Announces Examinations Every Year.

(By Associated Press.)
Austin, Texas, Sept. 30.—Every insurance company organized under the laws of Texas, or in other words, every Texas company, will be examined annually hereafter, according to announcement by C. O. Austin, the new state commissioner of insurance and

banking, who succeeded John S. Patterson, deceased. In the past Texas companies were not examined regularly every year, hence the action of the new commissioner is an important change in the policy of the department. Commissioner Austin has assigned two members of the force to make these examinations. They are Leslie McKay, son of Secretary of State John G. McKay, and L. K. Roberts, a former state bank examiner. This step includes all fraternal organizations in the state, of which there are about fifty. These two examiners are now in the field.

DAILY WEATHER MAP ISSUED IN DALLAS

Weather Bureau Has Added Equipment and Will Extend and Improve Its Service.

(By Associated Press)
Dallas, Tex., Sept. 30.—The United States Weather bureau in this city has been equipped recently with several new facilities to enable the station to extend and improve its service and efficiency, according to Joseph L. Cline, meteorologist in charge of the station. The improvements were authorized by Prof. Charles F. Marvin, chief of the United States Weather Bureau at Washington.

A job printing press and an engraving and stereotyping outfit have been installed in the office on the top floor of the cotton exchange building. Another room has been procured for the new equipment. The greatest improvement, in the service, says Mr. Cline, will be the publication and free distribution of weather maps every day except Sundays and holidays. Heretofore the office has been issuing bulletins instead of maps.
